Global:

- Total cases: 722,289 Total Deaths: 33,984
- Total number of countries/regions affected: 177

NIH Preparedness and Response:

- Contact tracing of confirmed cases being carried out by the RRTs.
- Risk communication carried out among healthcare workers and affected communities during contact tracing.
- NIH laboratory is providing support to provinces and regions for testing.

Risk Assessment: Current impact of the disease in Pakistan is: **High**

Provinces Preparedness and Response

Balochistan	• PDMA received 50,000 KN95 masks from NDMA for further distribution to affected districts.
Sindh	• Distribution of N95 masks across the province was done
Punjab	• District level trainings of HDU/Isolation/Quarantine staff underway.
KP	• In the wake of reported death in Abbottabad the potential high risk are has been locked down.
AJK	• A new field isolation hospital for COVID-19 patients with 50 bed capacity is being established in Muzaffarabad. Hospital will be operational within 1 week
GB	• All suspected Travellers coming from Taftan are being tested for COVID-19

Risk Communication Message:

- Clean hands regularly with an alcohol-based hand rub, or wash thoroughly with soap.
- Clean surfaces regularly with recommended disinfectants (70% Ethyl Alcohol or 0.5% bleach solution).
- Avoid touching eyes, nose and mouth with contaminated hands.
- Practice respiratory hygiene by coughing or sneezing into a bent elbow or tissue and then immediately dispose off
- Wear a medical/surgical mask if you have respiratory symptoms and perform hand hygiene after disposing off of the mask
- Maintain a minimum of mandatory two meter distance from individuals with respiratory symptoms.
- Healthcare workers are required to select and use appropriate PPE.

Administrative controls

- Ensure the availability of IPC resources such as PPE, appropriate infrastructure, clear IPC policies, access to lab testing, triage and patient placement, adequate staff and training of the staff.

Environmental and engineering controls

- Stay in ventilated rooms
- Clean the surfaces with recommended disinfectants.

Social Behavior Change:

- Practice social distancing, particularly from individuals showing respiratory symptoms.
- Avoid mass gatherings like weddings, cinemas, crowded shopping malls and restaurants.
- Avoid gathering of more than 10-20 persons.
